## The number 4 is not present in your grid.

Your chart suggests that you find it difficult to make decisions. You are probably very sensitive to criticism and you may have a hard time saying "no" to people. You need to learn to be better organized and to work for what you want. Because 4 is the number of dexterity, people looking at you will be good with their hands, and hence you possess a natural talent for crafts or technical work. You need to learn to be more confident in your own abilities and to be more assertive.

## The number 9 is not present in your grid.

Your chart suggests that you tend to overlook the feelings and needs of others. You are detached and oblivious to what is going on in the lives of others. You need to learn to give off yourself, and to become true humanitarians.

## The number 3 is not present in your grid.

Your chart suggests that you lack confidence and find it hard to be self-assertive. You find it hard to think logically when faced with distractions. You need to learn to accept yourself as you are, then move forward, gaining in confidence and self-esteem at every step.

## The number 5 is not present in your grid.

Your chart suggests that you find it hard to get your goals, you lack drive and veracity. You need constant motivation from others. These people need to learn to set realistic goals and to complete them before starting another.

## The number 8 is not present in your grid.

Your chart suggests that you are poor at handling your financial matters. You can be overly careless or too trusting and suffer financially as a result. You also tend to lack motivation and leave tasks unfinished. You need to learn to control your impulses and to think before acting.

## **The number 6 is not present in your grid.**

Your chart suggests that you need to learn to give more of yourself. You tend to hide your innermost feelings from others. This usually relates to difficulties with one of your parents (often the father) in early life. You might experience problems in your relationships until you learn to be more open and free.

## **The Arrow Of Science is being made in your Chart.**

People with charts that contain the numbers 1 and 7 are interested in the mysteries of the world we live in. You enjoy searching for the hidden truths and can become so involved with your studies that you get lost in research. You are usually interested in the sciences (frequently those that concern the oceans).

## **The Arrow Of Suspicion is being made in your Chart.**

This arrow is usually made up of the numbers 4, 5 and 6. This arrow in your chart indicates that you are suspicious, cynical and moody. You are inclined to worry and dwell on the negative side of life. This arrow is called a "grey arrow" indicating someone who always lives in the shade and never comes out into the full light of day.

## **The Arrow Of Confusion is being made in your Chart.**

This arrow is caused by a lack of the numbers 8, 2, and 4 in the chart. It occupies the left hand vertical column. You are not logical, methodical or organized. You live from day to day, without making long term plans. When you do, you usually sabotage the plans before you bear fruit.

You have two 7's in your chart, that indicates you grow in knowledge and wisdom by losing either love, health or money. Ultimately, this is likely to lead to an interest in the psychic or occult worlds. You have analytical brain, which make you good in solving intricate technical problems.

You have two 2's in your chart, that indicates you are highly intelligent, sensitive and intuitive. You can easily detect the motives of others and able to see others at a glance.

You have two 1's in your chart, that indicates you are able to express themselves easily and fluently. You have a balanced outlook on life and are able to assess situation in an impartial manner. You can understand the other person's point of view as well as their own.

## Analysis

You are a number 8 person. As such, you are under the governance of the planet Saturn. You are therefore very much likely to reflect the qualitative characteristics of this planet – which represents patience, perseverance, concentration, philosophy, etc. This number denotes struggle, hard labour, servitude, delay, suffering, disappointments, negation, decay, loss, extinction, regeneration, reconstruction, final exit, etc. But at the same time, it also signifies endurance, stability, limitless power, infinite influence, super abundance, immortality, etc. It is a repository of so many desirable and praised qualities – truthfulness, loyalty, discipline, concentration, patience, perseverance, etc. – which are capable of taking you far ahead of your contemporaries.

You have deep and intense personality characteristics, with strong individuality. You will have occasions to play an important role in life, early or later. You will occupy a position, instrumental for the fate of others. If you do not develop a broad outlook on religion, you may become fanatic. Once you get involved in something, you become fully serious. You do not care for opposition of any kind. In the process, you may make bitter and relentless enemies.

Because of your understanding of human relationships and attention to detail gives you a substantial talent for persuasion, and sometimes an irresistible charm. If you really want it, you can get anything from anybody, because you understand very well the emotional underpinnings of any situation.

Once you get your heart on something, you get restless, until you achieve it. You have enough ambition, but a very good sense of personality. This will be understood by those who come close to you. Though you are so gentle and generous at heart, others may not readily understand you in the right perspective. You are generally reserved. So people take more time to know you well.

You will be highly ambitious, and you will have a strong financial talents. You will have original, creative and courageous business ideas. You will be independent and hard working. You will be highly self-confident and have lofty expectations from yourself. You will acquire wealth by constant hard work. You love spending your hard earned money and advise others also to be thrifty.

You are inclined to adopt spiritual means to attain success. The basis of your material progress is the spiritual generosity and help you receive from others, and your divine blessings. You can hardly ever execute big projects on your own. No doubt, you are capable of independent high thinking. Before embarking on anything, you should calculate your individual going carefully. You are willing to comply with the guidance and advice of others. The desire for making money may lead you to adopt tactful shortcuts. But remember, this money may not remain with you for long.

Your extremely delicate ego can be bruised easily and you may have to face thoughtless remarks or criticisms of someone else. You will try to stay away from disputes to avoid quarrels. If you utilize your considerable inner strength, you will acquire immense power and abilities to encounter difficult situations stand between you and your goal. You will be a sensitive and passionate lover. You will need safety, comfort, peaceful environment and company of beloveds. If you acquire all these at your home and workplace, you will become an expert person.

## Compatibility with Others

Numbers 5, 6 and 7 support. Number 3 is not bad and the other numbers do not favour you at all. When you contemplate on marriage or business, remember these matching numbers, before you finalise your decisions.
